A talk by Dr. Subramanian Swamy was held at Dwarakadhish Temple, Parlin, NJ on Friday Aug 18, 2007 between 8 and 10 PM. The topic of the talk was 'Hindus Under Siege – The Way Out' which was attended by about 200 people from NJ, NY.

Dr. Swamy alerted that Hindus are undergoing a siege by multiple forces. From religious perspective, Dr. Swamy mentioned how head of Kanchi mutt, Swami Jayendra Saraswati was treated like a common criminal in spite of no evidence could be produced against him even today after more than 2 years. He said that the arrest was forced on then Tamilnadu CM at the behest of Sonia Gandhi. Sonia was working as an agent of missionaries who felt Swami Jayendra Saraswati as a threat since he was bringing Dalits into Hindu mainstream in Tamilnadu. He also mentioned that when politicians are jailed were treated as VIPs and housed in luxurious guest house such as a guest house in Kodaikanal resort area, Swami Jayendra Saraswati was treated like a common criminal.

From psychological perspective, he mentioned how Hindu icons are rubbished in the

Indian media. From physical perspective he spoke about targeting of Hindus in all the terrorist activities. He gave the example of Bombay train blasts in which 99% of the victims were Hindus. It was later found that terrorists specifically targeted the upper class compartments used mostly by Gujarati Businessmen who are Hindus. While worship places are attacked, it is places like Akshara Dam. Today half million Kashmiri Hindus are refugees in their own country for more than 12 years.

From religious conversion perspective, he mentioned how UPA Govt controlled by Congress party disallowed Israel Rabbis who tried to reconvert one of the lost Jewish tribes in Mizoram who were converted to Christians by British many years ago. The same Government now allows thousands of missionaries who are freely engaging in conversion of Hindus in many parts of India. He also mentioned how in various small pockets of Tamilnadu where Muslims gained majority and won local elections, and refuse to provide civic amenities to Hindus until they convert. He said the secularism is valid only when Hindus are 80% or more. Once Hindus are minority, they have to convert to survive.

What is the way out? Firstly, Dr. Swamy puts the blame squarely on Hindu community itself. He questioned Hindus why they could be persecuted even if they are more than 80% in India whereas 20% Muslims interests are well protected. The answer he says is lack of Hindu mindset among Hindus. Hindus does not feel the camaraderie with other Hindus. For e.g, every Hindu should feel that when a Kashmiri Pandit is terrorized it should hurt them as though their own is terrorized.

He also gave the following suggestions:

Every Hindu should vote such a way that they vote only to those who protect their interests. Hindus should have a Hindu identity.

When any Hindu places of worship are targeted, such as Akshara Dham, Hindus should also target the places of worship of the terrorists and should also follow up wiping their safe havens. He mentioned a terrorist will only reason with retaliation and gave examples of how weak nerved governments caving into terrorists demands resulted into more deaths of the people. He mentioned that retaliation should be so strong that they will think twice before attacking second time.

He said that Sanskrit should be learnt by every Hindu and taught to their children. Sanskrit is part of most Indian languages and is integral part of Sanatana Dharma. It is the language of our scriptures and our samskriti.

He said that every Indian should accept they are either a Hindu or someone whose ancestor is a Hindu. Otherwise they belong to Pakistan or Bangladesh.

The talk also included a 10 minutes video on the ethnic cleansing of Kashmiri Pandits by Islamic terrorists and FACT (Foundation Against Continued Terrorism) exhibition on ethnic cleansing in Kashmir. This exhibition was also shown earlier at US Capitol Hill to

US Congressmen and Senators.
